

Hey there!

If you're reading this, it means you have downloaded the RAWCLIC Project Logo and its instruction sheet to feature the project on your website, social media content or print material. On behalf of the project partners, let us start by thanking you. By doing so, you are helping us give more visibility to the project, and extend its reach.

We have created a unique logo for you to use, available in 5 different colors. You have downloaded them in a Scalable Vector Graphics (SVG) format, enabling you to enlarge or shrink it as you wish, without losing quality.

This should allow you to achieve optimum integration, in a fast and efficient manner.

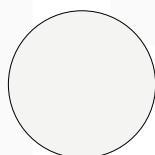

- The dark versions are to be integrated on a clear background.
- The clear versions are to be integrated on a dark background.

 <i>Navy Blue Logo</i>	 <i>Pistachio Green Logo</i>
 <i>Minty Green Logo</i>	 <i>Stormy Blue Logo</i>
